The Medium Term Policy Speakers' Series continues!

Join us for the second of our 'Big Ideas' events of 2019, as the engaging Dr. Lori Beaman takes us through a discussion of 'deep equality'. At present, questions of how to accommodate religious minorities and of the limits of tolerance have become central preoccupations for many Western democracies. However, what might we see if we turned our attention to the positive narratives and success stories of the everyday working out of differences? Social relations considered through a 'deep equality' lens can show an alternative narrative to that of diversity as just a problem to be solved.

Lori G. Beaman, Ph.D., F.R.S.C., is Canada Research Chair in Religious Diversity and Social Change, Professor in the Department of Classics and Religious Studies at the University of Ottawa, and Principal Investigator of the *Religion and Diversity Project* (religionanddiversity.ca). Her publications include *Deep Equality in an Era of Religious Diversity* (Oxford University Press, 2017), and she received the 2017 Social Sciences and Humanities Research Council of Canada Impact Award in the Insight Category.

Space is limited, and is first come, first serve. To arrange viewing via webcast, please email: pch.pmt-mtp.pch@canada.ca

This event will be filmed. If you wish to attend but do not wish to be filmed, please email pch.pmt-mtp.pch@canada.ca

Dr. Beaman's presentation will be delivered in English, but we encourage you to ask questions in the official language of your choice.
